Brescia, 30/01/2012

Object: **Declaration of conformity to Directive R.o.H.S.  
(Restriction of Hazardous Substances)**

Dear Customer,

The **R.o.H.S. Directive** (Restriction of Hazardous Substances Directive) states restriction of the use of certain hazardous substances during the manufacturing of the new electrical and electronic equipment, establishing maximum concentration admitted, in order to ensure the necessary protection level to both human health and environment, including the proper recovery and ecologically disposal of waste of electrical and electronic equipment .

We are pleased to inform you that starting from the 21<sup>st</sup> of July 2011 has been entered into force the new directive 2011/65/UE of the European Parliament and of the Council of the 8<sup>th</sup> of June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment: that directive will repeal the previous Directive n° 2002/95/EC, and the subsequent modification and integration (Decision 2005/717/EC, Directive 2005/618/CE, ext), starting from the 3<sup>rd</sup> of January 2013.

In the steel products destined for the production of this equipment is allowed a maximum content of:

- 0,1% in weight of lead (Pb), Mercury (Hg), Chromium VI, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE);
- 0,01% in weight of cadmium (Cd).

We are declaring the conformity of the steels manufactured by ORI MARTIN to the European directive above mentioned.

We are at your disposal for any further information.

Yours faithfully

O.R.I. MARTIN S.p.A.  
Health & Safety Manager  
**Mr. Mauro Bellagente**
